New sign for SCRDA

Sunshine Coast Riding for the Disabled (RDA) Inc. (SCRDA) is a not-for-profit organisation providing equine-based therapeutic and recreational riding, carriage driving and on-ground programs for members of the disability community since 1978.

The Rotary Club of Eumundi, with funds raised through *Eumundi Voice*, was pleased to support

the group's work with a donation for new front gate signage at the property entrance 2 Monak Rd North Arm.

SCRDA's Carolyn Neville explained, "In 2012 SCRDA purchased 24 acres at North Arm. We set up a temporary arena to run programs and a portable donga as a clubhouse. It was very much like camping for quite a while! We currently run eight programs over a five-day week. Five are for riding, two are on-ground and one is a carriage driving program. Our youngest group therapy rider is five years old and our eldest is nearly 80 years young.

"We have a team of 130 volunteers who assist with the programs to allow more than 138 participants to enjoy their activities in a safe and controlled manner. Our 21 hard-working horses are specially selected and trained to allow participants to enjoy and develop their skills in a safe environment. Many are assessed and trained for particular roles to allow them to provide the unique services of the programs." To get involved email: admin@scrda.org.au or phone 07 5472 7280.
